

## **MEET THE MEMBERS**

### **Col and Ginny Pask**

In early 2013 Col was approached and asked if he would share his experiences of working after retirement for an article in Active Retirees. They were looking for someone who is doing some paid work which is different from the job from which they retired.

When the author Wendy Kay found out that Ginny was out working that very day, she asked to interview her also.

A while later, they were both asked us to do a photo shoot which was done in St Kilda. The rest is history.....!!

To download a .pdf copy of the article, [click here](#).
