

Recyclables

Hello Probus Recyclables

Please note we are now riding weekly, on a Friday or a Saturday depending on the weather. The ride details will be confirmed by Thursday each week via the e-Wheelers What's App group.

We would love to add to our group of riders, so any new members who are interested would be most welcome. I am sure the ladies would like to improve the gender balance.

We always have coffee along the way. Please contact me if you are interested in riding or would like further information.

Cheers

Dave Davies - Convenor Recyclables. (Contact Details are in the Club Contact list and Newsletter)

Usually we ride for about an hour, stop for coffee at a cafe then cycle back to the start, finishing around midday. Often we wind down over lunch.

New....or old cyclists are most welcome to join us. All you need is a bike, preferably and e-bike which is best for our age group..

Please contact Dave Davies, 0417 389 186 or daviddavies1948@hotmail.com if you would like to come along.
